Dr Sir

Your letter from Buffalo was duly rec^d and the contents laid before the Friends of the Spectator, who appear much gratified by your proposal - The opinion was unanimous that you had better hasten on to Boston immediately after the Convention at Utica - and no doubt an arrangement can be easily ~~be~~ effected agreeable to yourself - Porter gave an estimate of the whole concern - and it was thought that the Paper might not only be sustained but be made of great pecuniary advantage as well of good to the cause of Truth - There is a growing dislike to the Recorder among all who have said anything to me about it - and I do, as well as all other Friends, feel that you are indispensably necessary here in Boston, for the gold has become dim -

There were several plans proposed - and all went to place you above pecuniary embarrassment in the matter.

There is but one voice in the matter "come, come".

Mr. Adams of Essex St has rec^d a call to a professorship in Andover - hope he will go - No news but what you will gather from other sources - Thomson doubts the expediency of coming to U. because of the wrath of man - in haste Yours Chas Brew
